LB 788, 789

members of the Legislature to avoid the temptation to attempt any amendments on these bills which are bills designed to correct errors made in the prior years on bills which would remove obsolete language and reference to laws which are no longer in effect.

PRESIDENT: Senator Labedz, may I interrupt you, and I'd like to have your attention if we could on these so that you will know what Senator Labedz is doing, and so we don't embarrass ourselves. Thank you, Senator Labedz.

SENATOR LABEDZ: Okay, there are 26 of these bills which we'll be considering this afternoon and I will make my explanations as brief as possible, but some explanation is necessary for the records. I would bring to your attention a packet of information provided to me by our Revisor of Statutes Joanne Pepperl which explains each bill in some detail. CLERK: 25 ayes, 0 nays, Mr. President, on the advancement of 788.
